DAVID'S
—

The inspiration for the menu is a compilation of David's favorite culinary creations from his travels around the world. The menu features breakfast items—David's favorite meal—available all day. David feels that sharing a meal with friends and family is very important, and we designed the menu with that in mind.

While traveling through the Pacific Rim, David was inspired by the freshness and variety of spices used in the local fare. When he visited the Mediterranean countries, he experienced unique dishes with a variety of traditional and non-traditional ingredients. And, of course, it's always good to be home, where he can enjoy the New World and local dishes inspired by our melting pot of cultures.
